SUMMARY

With over four years of experience as a dedicated Frontend Developer, I possess a strong proficiency in crafting intuitive and visually appealing user interfaces. My expertise includes utilizing modern web technologies, such as HTML5, CSS3, and JavaScript, to deliver seamless and engaging user experiences across various devices. I am adept at collaborating with cross-functional teams and have a proven track record of meeting project deadlines while maintaining a high standard of code quality. Passionate about staying updated with the latest industry trends and best practices, I continuously strive to enhance my skills to create impactful and efficient web solutions.

PROFESSIONAL EXPERIENCE

04/2023 – 07/2023

Istanbul, Turkey

Frontend Developer, Next4Biz

As a **React Developer** at **Next4Biz**, I played a pivotal role in enhancing the CRM product by focusing on the profile page. Leveraging my expertise in **React**, I meticulously crafted the profile page, optimizing its design and functionality to ensure a seamless user experience. Collaborating closely with the team, I incorporated innovative features and improvements, meeting both client specifications and user expectations. This experience honed my skills in **React development** and expanded my understanding of creating user-centric solutions within a collaborative and dynamic work environment.

11/2021 – 03/2023

Istanbul, Turkey

Frontend Developer, Akinon

During my tenure at Akinon, I excelled as a **Frontend Developer**, specializing in crafting the front-end of diverse e-commerce websites. My skill set encompassed **Django, Jinja2, JavaScript, jQuery, Less, and Scss**. I actively contributed to notable projects including **Converse, Houseofsuperstep, Superstep, Gant, Occasion, and Kooples**. Working in collaboration with a colleague, I co-developed the **Gant** project from the ground up. At **Kooples**, I not only contributed to enhancements but also coded the user-friendly returns section. In the case of **Superstep**, I integrated **Masterpass** and implemented various enhancements. Across all projects, I focused on both **development and bug fixes**, continually striving to elevate the **user experience** and functionality.

07/2020 – 10/2021
Istanbul, Turkey

Frontend Developer, *Pixelplus*

During my tenure at PixelPlus, I thrived as a **Frontend Developer**, taking on the responsibility of **solo development** for web projects including **Uzman Sosyal Güvenlik, Vellteks, Form Sünger, Boyser, and Boytrans**. Notably, I built these websites from the ground up and seamlessly integrated CMS systems. In addition, I contributed to bug fixes and enhancements for **AmericanExpress** and **Tüyap** websites.

One of my key approaches was adhering to a "**mobile-first**" development methodology, ensuring optimal performance and user experience across devices. Leveraging technologies like **Pug.js, JavaScript, jQuery, BEM (Block Element Modifier)**, and **SCSS (Sass)**, I crafted responsive and visually appealing interfaces.

This experience refined my ability to tackle challenges head-on and work effectively both independently and within a team. I'm driven by a passion for creating exceptional web solutions that resonate with users and drive business success.

05/2019 – 05/2020
Istanbul, Turkey

Frontend Developer, *NicEye Group*

As a **Frontend Developer** at NicEye Group, I played a pivotal role in the coding and enhancement of pharmaceutical prospectus websites and corporate sites for two of the world's leading healthcare companies, Pfizer and MSD. Notable contributions include the development of websites for these major pharmaceutical firms, such as **hoevoorkomjetbe, enbrelpfizer, romatolojjatlasi, sanslicarsamba, and msd, msdsizinle**.

I utilized a skill set encompassing **Html, Css, Scss, Bootstrap4, JavaScript, and JQuery** to create visually appealing and highly functional websites. My approach involved ensuring an optimal user experience and seamless functionality across various devices.

This experience honed my ability to work in dynamic, results-oriented environments and further developed my passion for crafting impactful digital solutions.
